

MONTICELLO MOTOR CLUB'S MARSAL WINS LIME ROCK

--Michael Marsal and Joey Hand take second victory of season--

MONTICELLO, NY (June 1, 2010) –Monticello Motor Club founding member Michael Marsal and co-driver Joey Hand earned their second consecutive GRAND-AM Continental Tire Sports Car Challenge Grand Sport (GS) race victory at Lime Rock Park, in the Turner Motorsport BMW. Marsal kept the car in contention in the 2.5 hour race until handing off to Hand, who inherited the lead from teammate Bill Auberlen - when Auberlen was forced to pit as a result to damage to the rear suspension.

Hand, in the No. 97 Turner Motorsport BMW M3, then held off a charging Mustang over the final 15 minutes to put the car in winner's circle once again, this time by 0.298 seconds. "We were having some handling issues at the beginning, but the guys fixed that and we were contenders," Marsal said. While much younger than his veteran co-driver, Marsal has used his membership at the Monticello Motor Club to develop his racing skills, and has been very impressive since making his pro racing debut last year.
