

RARE DAILY *new york*

Gentlemen, Start Your Engines!

Introducing the Monticello Motor Club

Tuesday, July 29, 2008

You.

The road.

Nothing else. Sometimes it all comes together. Like at the brand new, members-only **Monticello Motor Club**. Boasting a sprawling, 22-curve European-style track on over 175 acres of wooded South Catskill forest, MMC is New York's premiere motorhead Mecca. The track is perfect for all levels of driving, from gentle touring to time trials to full-fledged racing. Store your ride there or test out some of the world's most exotic vehicles on your own or with a certified instructor, living out your Speed-Racer dreams of childhood.

And, believe it or not, it gets better. After completing the incredibly selective membership process, you and your family will not only have guaranteed access to the track and racing facilities 200 days a year, but you'll all also enjoy a luxury clubhouse; complete with a gourmet restaurant serving seasonal delights with exotic wine pairings, full gym, and a full-service spa specializing in hydrotherapy and tranquil water treatments. And with plans for an on-site five-star hotel, shopping center, and world-class karting and off-roading facilities, Monticello will only get better with time.

You like?

Start saving.

When it opens this weekend, initiation begins at \$125,000 and yearly fees are \$7,500.

Monticello Motor Club opens this coming Sunday. Get your "Taste of the Track" one day pass for just \$2,500, and start motoring.

Test drive the hot site at monticellomotorclub.com.
